Emotional Wellbeing Newsletter

"At Birkenshaw CE (C) Primary School, we care about everyone's emotional wellbeing."

We would like to begin by saying some huge 'THANK YOUS' to: Wendy Brooke and Alice Butterfield both of whom have had to step down from the EWB working party. We would like to Thank you both for supporting school.

To our new members:
Elspeth Yeaman, Holly Barraclough (parents) and Helen Worsnup (Governor)
Lisa Hamill (School ETA)

Our Care Crew have been extremely busy over the last half term, since completing their training in September. They have supported their peers at the 'Buddy Bench' daily and will continue to do this throughout the rest of the year.
They have visited Birch Care Home in Cleckheaton to make Christmas decorations with the residents. The feed back we received from the residents was lovely. They look forward to seeing the children and exchanging stories with them. Well Done Care Crew.

The EWB committee, would like to give a big THANK YOU! To all parents/careers for your continued support with nurturing our children's emotional health and wellbeing.

Our next working party for the EWB is at the beginning of February, where we will discuss our next priorities and actions.
