Stronger Together Partnership

Birkenshaw CE (C) Primary School | Hartshead J & I School | High Bank J, I & N School | Scholes Village Primary School | Whitechapel C of E Primary School

Welcome to the Stronger Together Partnership.

We are a partnership of like-minded primary schools working together to act as a genuine force for the improvement of our schools. Through honest discussion and debate, we have realised a mutual philosophy in improving outcomes for our children, their families and our communities.

Our schools have compatible strengths and we are committed to working with each other as a combined unit to strengthen school performance and meet future challenges. Our aim is to identify areas on which we can collaborate to help improve learning, achievement and outcomes in our schools.

We have established two key areas of work for 2025-2026:

1. Improving attainment in writing with a focus on purposeful writing opportunities
2. Use of AI to support teaching and learning and staff workload
3. Playground development / opportunities for play
